

M AQIB

AI ENGINEER & FULL-STACK DEVELOPER

+923375013984 | Multan | aqibm8123@gmail.com

SUMMARY

AI Engineer and Full-Stack Developer focused on building modern web applications, AI-powered products, SaaS platforms, AI agents, and workflow automation. Experienced with Next.js, TypeScript, React, Node.js, Python, FastAPI, databases, cloud infrastructure, and LLM integrations. Strong problem-solving mindset with a focus on practical, scalable and user-focused solutions.

EXPERIENCE

AI Engineer & Full-Stack Developer | 2022-2026

Building AI-powered and full-stack applications, SaaS products, AI agents, and automation workflows. Working across frontend, backend, APIs, databases, AI/LLM integrations, deployment, and product delivery.

AI & Automation Specialist | 2022 – 2026

Developing AI agents, workflow automation, and LLM-powered solutions using modern AI tooling and backend technologies. Integrating AI capabilities into practical business and productivity applications.

Full-Stack Developer | 2022 – 2026

Developing responsive and modern web applications using React/Next.js, TypeScript, Node.js and Python-based backend technologies. Working with relational and NoSQL databases, APIs, authentication, deployment, and application performance.

TECHNICAL SKILLS

Frontend: Next.js, React, TypeScript, JavaScript, HTML, CSS

Backend: Node.js, Python, FastAPI

Databases: PostgreSQL, MongoDB, Redis, Supabase, Prisma

AI / LLM: OpenAI, LangChain, LLM Integration, AI Agents, Workflow Automation

Cloud / DevOps: AWS, Docker

Other: WordPress, SEO, Git/GitHub, REST APIs

SELECTED PROJECTS

AI Weather Platform: AI-powered weather application focused on modern web experience and intelligent weather functionality.

BrainGrid: Modern dashboard/application project demonstrating full-stack development and polished product UI.

Nexora AI: AI-focused product demonstrating AI integration, modern frontend development and application workflows.

AI CRM: AI-powered CRM concept/application combining business workflows with intelligent automation.

AI Receptionist: Voice/AI receptionist solution designed around automated communication and business workflows.

Voice AI Agent: AI voice-agent project focused on conversational automation and practical agent workflows.

EDUCATION

Bachelor of Computer Science — MNSUAM | 2022 – 2026

CORE STRENGTHS

- Problem Solving • Analytical Thinking
 - Critical Thinking • Teamwork & Collaboration
 - Communication • Fast Learning
